Tuesday February 15, 2022 • 2:30p.m. • Blue Lounge, Student Center

The deaths of our unarmed BIPOC/ALANA community with law enforcement has sparked a national debate over, are we safe? Traffic stops and racial profiling is one of the most common variables that shape and add to our perceptions of the police. What is the appropriate response to a police stop in the aftermath of Floyd, Arbery, Taylor? What are my rights if stopped by police? These are questions that still linger under our national climate.

Join us as Attorney Pinero shares his experience as a civil rights lawyer, offers insights in the changes in the law, and answers questions related to your Civil Rights.
