**Faculty Research Advisor Signature** (Date)

## **Joint Faculty/Student Application**

1. **Cover Sheet (attached)**
2. **Faculty Research Proposal:**
  - a. **Abstract/Summary of Proposal**—(no more than ½ page) Provide a brief statement directed to the laymen audience including the background and significance of your work, the research design and experiments performed, and the benefit that the findings of this study will have to society as a whole.
  - b. **Specific Aims**—(no more than ½ page) List the broad objectives and the goal of the specific research proposed.
  - c. **Background and Significance**—(no more than 1 page) Briefly discuss the background leading to this application and provide a short review of the literature in this field that supports your research project. State concisely the importance of the research described in this application.
  - d. **Research Design and Methods**—(no more than 1.5 pages) Describe the research design, procedures, and analyses to be used to accomplish the specific aims of the project. Discuss the potential difficulties and limitations of the proposed procedures and alternative approaches to achieve the aims. This should clearly state the role that the student will have in the research process, including the specific activities, experience and benefit to the student, and should articulate the nature and timeline of the mentoring.
  - e. **Reference List**—provide citations for all references that are cited in the application.
3. **Faculty Reference** – provide a brief letter of recommendation for the student applicant
4. **Student Personal Statement**—(no more than 1 page) Provide a brief statement describing your career goals and how receipt of this research fellowship will help you achieve those goals. Please address how the specific proposed research is relevant to your plans.
5. **Student Personal Resume**—(no more than 2 pages total)
6. **Student Unofficial Undergraduate Transcripts**
