RE: **FY 2018 TRUST FUND REPORTS– QUARTER 2**

Attached are the Trust Fund Reports for the second quarter of Fiscal Year 2018, ended December 31, 2017.

The reports include the “All Trust Funds” revenue and expenditure reports in the same format as presented for quarter one. There is also a set of “Operating Budget” reports that present the year to date revenue and expenditure results for the combined state appropriated funds and the General Purpose Trust Fund.

As indicated on the “All Trust Funds” report for Revenue, many accounts reflect earnings of 90% or higher. The revenue from those funds are directly attributable to class registrations. As of the end of the calendar year returning students have been billed for spring semester classes. Students will make adjustments to their course schedules and new students will register through the end of January. During this period there will be additional fluctuations in earned revenue for these funds. Those changes will be reflected in the next quarter report. The general purpose trust fund stands at 86.5% earned instead of 90% or greater because of other revenue streams in that fund that are earned in a more incremental fashion throughout the year; the same holds true for the Parking Fines Scholarship Fund.

The “All Trust Funds” Expenditure report reflects anticipated incremental monthly spending within the trust fund accounts. Many of the funds reflect spending anywhere from one quarter to a third expended as of the end of the calendar year. The General Fund and Residence Hall Trust Fund are closer to the 50% mark as both funds support the major operations of the campus. The current trends appear normal.

The “Operating Budget” Revenue report includes all sources that directly support the operating budget. As expected, academic fees are at over 90% earned in keeping with the fact that the majority of spring registration has already taken place. “Tuition” and “Other Student Charges” are closer to two-thirds earned as each category has significant activity that will post to the accounts later in the year. During the third quarter day tuition for the spring semester will be reconciled. At that time we will remit tuition earned on state supported classes and posting the remaining tuition to the General Trust Fund. As the spring semester winds down other student charges will be assessed and posted to accounts. The majority of “Activity Income” is generated from application and orientation fees. These fees are earned during the second half of the year. Also of note, “Fee Waivers” have exceeded budget. We will research the cause and evaluate the need to increase the budget estimate for waivers in FY 2019.

Expenditures to date are generally in line with expectations at an average of 49.87%.
